Thursday's Wonderful Bargains in Wanted Goods Every Item Below Regular Prices

EVEN IF THESE THINGS WERE NOT the very things that every one is looking for just now, the prices would be most remarkable. But these goods are the most wanted, the new and the needed. Then, too, our regular prices are almost invariably below those of any other store, adding to the wonder of these reduced prices. Thursday is the clear-up day of the week, when all the small lots, broken sizes and remnants of the sales of the week are whisked out of the store on the wings of unequalled value-giving.

Great Sale of New Afternoon and Evening Dresses Far Underpriced, at \$14.75 and \$18.75

HERE IS A WONDERFUL SALE. It is a striking demonstration of the unusual value-giving of Brooklyn's Great Store. It is a sale of NEWEST STYLE DRESSES, right out of the factory. In fact, as this advertisement is written the stock is not here and we are taking our description from the samples and advance lot sent on by the maker for approval. It is the kind of a sale that has made this Store famous for its remarkable underpricing on the very newest of the new. It is an exemplification of our policy never to sacrifice quality for a low price, nor ever to use quality as an excuse for a high price.

The maker had a surplus of fabrics, the most favored of the season, and offered to make them up for us at a concession if we would take the whole lot now. His season is beginning to get advanced and cash was needed. Of course, we took the whole lot as soon as we saw how superior the goods were and assured ourselves that workmanship would be in keeping.

Fabrics are Canton crepe, crape meteor, charmeuse, faille silk and crepe de chine.

Styles are those picturesque, graceful, wonderful becoming effects that are the development of the lines of the past season and seem to have been copied from the beauty lines of flowers.
